

# Register plates - Made to order service

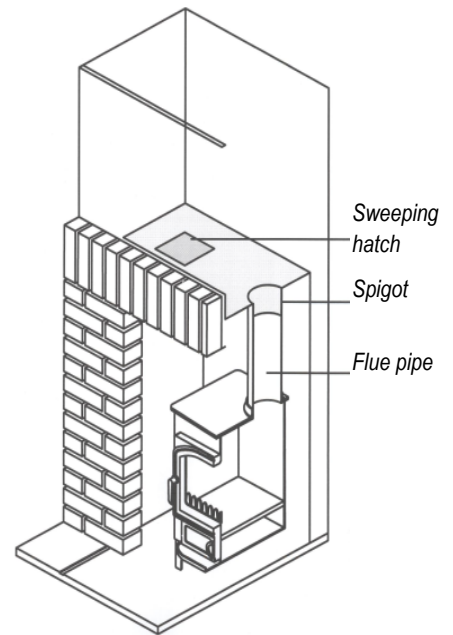

Pricing sheet and application form - May 2010

When installing a freestanding wood or multifuel burning stove into a fireplace recess it is necessary to fit a suitable "corrosion resistant metal plate" in accordance with British Standard 8303 ; Part 3: 1994 (See details on page 24). Many installers also use a metal plate when a chimney has been fitted with a flexible flue liner.

**Topstak offers a quick service for making register plates to your dimensions and specifications.**

**Guide prices** - subject to VAT and delivery

	Material		Optional extras			
	1.6mm thick galvanised steel	0.9mm stainless steel	Sweeping hatch	Angle section	Spigot (See note)	Underside painted matt black
<b>Small plate</b> Up to 1/3rd m <sup>2</sup>	£65	£85	£15	£15	£15	£5
